
Royal Green Jackets Association (Winchester Branch)

General Introduction

On formation of The Royal Green Jackets in 1966 all Riflemen were entered into the 'One Day Pay Scheme' (ODPS). A condition of entering the ODPS was that they automatically became 'life members' of the Regimental Association which the ODPS partially supported. In 2007 on the formation of The Rifles the regiment was stood down from its 'active role' with all its financial assets placed under the control of an RGJ Association Council. With no further income from the ODPS coming in the Association Council decided that as 'Life Membership' of the Association was no longer a viable financial option the condition of 'life membership' was removed from the association rules.

Today the RGJA has two levels of membership which every ex member of the Regiment can join, and in their simplest forms are as follows:

Level One RGJA (Main) Membership

Application is made to the RGJA Membership Secretary (Contact details on the RGJA Website at www.royalgreenjackets.co.uk) together with the annual subscription (£10.00). This enables the member to receive hard or electronic copies of the S&B and Ezine, plus entry into the Veterans Days. Membership of the main association does not entitle the member to automatically become a member of a branch (see below).

Level Two Branch Membership

This level is an additional membership of an individual branch. This is achieved by contacting a regional branch and paying an additional annual subscription. This subscription is to enable the branch to be financially self-sufficient and entitles the member to take advantage of all discounted activities the branch organises.

Any ex member of the Regiment can join either level one or two. However every ex member is strongly encouraged to join both to obtain the maximum benefits available from each.

Full details regarding the association and its membership can be found on the RGJA Website at www.royalgreenjackets.co.uk under Members/Association Rules.
